

## Sec. of Navy Knox Called to Reply to "Shooting" Rumors

Foreign Affairs Hold  
Limelight Today on  
Capitol Hill

**BULLETIN**  
Washington, July 11—(AP)—Secretary Knox and Admiral Harold R. Stark voiced what were termed by committeemen "categorical denials" before the senate naval committee today of published charges that the American navy had engaged in combat with nazi naval units.  
In a closed session lasting more than three hours, the secretary of the navy and the navy's chief of operations were reported to have denied "line by line" demands made in a resolution introduced by Senator Wheeler (D-Mont) to know whether the navy had engaged in a "shooting war".

Washington, July 11—(AP)—President Roosevelt declared today he would not be surprised if American steel had gone into 50 British bases and if American workmen all over the world were being paid by the British government.

The president made his statement at a press conference where the question of construction of American bases in Ireland or Scotland arose. Senator Wheeler (D-Mont) has said he had information such construction was under way.

When a reporter remarked that there seemed to be some substantiation from abroad for the senatorial contentions, the president said whatever was being done was being accomplished either through straight purchases by the British government or under the lease-lend act.

It was then he went on to say he would not be surprised if Americans were working for the British all over the world and American steel was being used in bases from Canada to South Africa and God knows where.

Roosevelt had no comment on the suggestion of Wendell L. Willkie that American bases be established in the British Isles.

Wheeler asserted that cargoes of materials already had been sent to northern Ireland and Scotland for construction of United States naval bases.

**Trumps Taft's Statement**  
Wheeler thus trumped the assertion made by Senator Taft (R-Ohio) yesterday that the United States was engaged in constructing air bases in both countries, but for the use of Great Britain.

## Statement of Fact by Lt. Gen. Lear Is Being Awaited

Washington, July 11—(AP)—Congressional critics and the war department left it up to Lieutenant General Ben Lear today to present a "statement of fact" about the penance march he ordered for soldiers who yoo-hoed at Memphis girl golfers.

The statement, requested by the department, was to be "his side of the case", Major General Robert C. Richardson, chief of the public relations division, explained yesterday, adding that the department would not prejudice the incident and that a formal board of inquiry was not justified.

Meanwhile, Representative Kilday (D-Tex.), who had previously telegraphed Lear for an explanation, indicated he was dissatisfied with what he called a "stereotyped reply".

**Promise No Repetition**

Asserting there would be no repetition of "mass punishment by one commander", Kilday, a member of the House military committee, declared "the general will find that Congress will discharge its constitutional duty and will protect the members of the army from abuse at the hands of any high-tempered officer".

He said he would bring up the incident at a closed committee session.

The Second Army commander was playing golf in mufti when the battalion rolled by the links in trucks. After soldiers shouted at the girls and joshed the general himself, Lear halted the troops, reprimanded them, and ordered a 15-mile march afoot as punishment.

"He is not the kind of a general we need, standing on the brink of war", declared Rep. Norrell (D-Ark.) in the House yesterday. "He apparently is engaged all the time in playing golf".

The Memphis (Tenn.) Post No. 1 of the American Legion—one of the nation's largest posts—has given Lear a vote of confidence in connection with his disciplining of 35th division "yoo-hoo" troops.

The post approved last night a resolution declaring General Lear is "fully qualified to choose proper disciplinary measures for his men".

## Toll of Blast in Alabama Mine Put at 11 Dead Today

Acmor, Ala., July 11—(AP)—The death toll in an explosion-wrecked field of Acmor coal mine No. 6 mounted to 11 today and weary rescue crews struggled through tons of debris.  
Volunteers working all night by lamplight succeeded in extracting nine bodies before daybreak. Two were still buried.

The dead miners, nine negroes and two white men, were trapped in the mine's eighth entry, more than a mile underground, some time yesterday afternoon by what company Chief Deputy Herbert Ginright described as "a local gas explosion".

The explosion was not heard on the surface and the accident was not known until J. L. Poe, a miner, discovered a dead power wire leading into the chamber where the men died.

**Mine's First Disaster**  
Rescue crews went immediately into the shaft, other chambers were closed off and miners called from their jobs.

The mine, one of the largest commercial producers in Alabama, is owned and operated by the Alabama Fuel & Iron company.

Relatives of the trapped men waited despairingly at the mine entrance, along with several hundred other persons.

A company spokesman said this was the first major accident that had occurred since the mine opened in 1928. It employs two shifts of 200 men each.

**TRAGEDY IN BRITAIN**  
London, July 11—(AP)—Fifteen coal miners were killed last night in an explosion at the Rhigos colliery near Neath, in Glamorgan-shire. The blast collapsed several workings.

## Even Governor Can't Break Rule on Passes For Illinois Fair

Springfield, Ill., July 11—(AP)—Even Governor Green won't be able to break the new rule prohibiting passes to the state fair.

The governor wrote a \$15 personal check yesterday for 10 books of admission tickets and declared that he believed it was "sound" practice to abolish the custom of former years of distributing thousands of passes through political groups.

Last year, fair officials said, there were less than 10,000 paid admissions out of an estimated attendance of nearly 900,000. Admission tickets cost 25 cents but Ward recently announced the sale of "bargain books" of nine tickets selling for \$1.50.

## Charred Torso of Man Found in Automobile

Sullivan, Ind., July 11—(AP)—The charred torso of a body believed to be that of a man, was found today in a burned automobile along a lonely country road 10 miles southeast of here and Sheriff Hubert Sevier said the victim may have been slain.

The sheriff sought to establish identity through a pocketbook and a pocket knife.

A five-gallon kerosene can was found in the car. The sheriff said he believed kerosene had been poured over the victim's body and set afire.

The body was found in a 1929 model Ford automobile.

## Peoria Airport Gets Plum in WPA Program

Washington, July 11—(AP)—Senator Lucas (D-Ill.) announced today President Roosevelt has approved for inclusion in Illinois' WPA program an allotment of \$649,677 for improvement to the Peoria municipal airport.

The project, sponsored by the Peoria Pleasure Driveaway & Park District, would include excavation, cleaning, lighting, construction of runways and other general improvement work at the airport.

## So-Called "American Dreyfus", 85 Today, Continues Fight for Name

Chicago, July 11—(AP)—Oberlin M. Carter, an "American Dreyfus" in the eyes of champions of his cause, is 85 today and still fighting.

Advancing years and failing sight have not affected his determination to be exonerated of the charges which ruined his brilliant army career, 43 years ago and sent him to Leavenworth prison.

"There's still time to remove the blot from my name," he said adding that his case was ready for another review in Congress as soon as the pressing requirements of the defense program were met.

Carter said he intended to spend his birthday anniversary quietly "as any old man should." He disclosed he had written an autobiography.

He was graduated from West Point in 1909 with one of the high-

## Day's Request for Defense Fund Sets Total 52 Billions

President Asks Money for  
Navy, Maritime Com-  
mission Today

Washington, July 11—(AP)—President Roosevelt asked congress today for \$3,323,000,000 more for the navy and Maritime Commission, thus pushing the projected cost of defense and lease-lend spending past \$52,000,000,000.

The soaring figure included \$4,770,000,000 Roosevelt asked for the army only yesterday but did not embrace the \$7,000,000,000 which authoritative sources said was in the mill for additional lend-lease funds for nations fighting aggression.

That \$7,000,000,000 would push the overall figure since July 1, 1940—when the fall of France stirred the United States to concerned action—to \$59,200,000,000.

Cash expenditures, so far total \$6,300,000,000. In the fiscal year which began this month, the cash outlay is expected to be \$15,500,000,000.

Included in the \$1,625,000,000 which Roosevelt sought for the navy in cash was \$400,000,000 for maintenance and repair of defense installations in government or privately owned merchant ships.

Correspondents at once asked whether this meant that merchant vessels would be armed. Roosevelt assured his press conference that this was not contemplated and that the bulk of the sum undoubtedly would be used for naval ships. He suggested it would be applied to such things as fitting vessels with equipment to combat magnetic mines.

He added he supposed conversion of some private vessels to navy use was contemplated also.

**\$698,000,000 in Cash**

Roosevelt sought \$698,000,000 in cash and \$1,000,000,000 in additional contract authorizations for the Maritime Commission. He said the money would be used for a great many new ships, but did not disclose the exact number.

Both of the requested items today, the chief executive explained, were necessary because the defense program and shipbuilding program are ahead of schedule, so far as certain navy activity and cargo shipbuilding are concerned.

Breaking down the total for the navy further, the president said it included approximately:

\$249,000,000 for ordnance and ordnance stores.

\$300,000,000 for pay, subsistence, clothing and medical care.

\$300,000,000 for public works, including housing and equipment for navy yards.

\$90,000,000 for marines.

\$90,000,000 for marines.

\$160,000,000 for repairs.

Asked whether more shipyards would be built as a result of the expanding maritime program, Roosevelt said the answer was yes and no. It means, he explained, that a few yards which had been planned will be built more quickly than was expected.

**For 566 New Ships**

The \$1,698,000,000 requested today by Roosevelt for the Maritime Commission provides for the construction of 566 merchant ships at an estimated cost of \$1,246,650,000, and \$350,000,000 for the requisition, purchase, and repair of existing ships.

The remaining \$50,000,000 will be used to provide additional shipbuilding facilities.

Details of the additional construction program were announced by the commission, which said it already had developed plans to

## Miss Fischer Near Death from Stroke of Cold Lightning

Miss Eleanor Jane Fischer, daughter of Patrolman and Mrs. Harry Fischer, was the victim of a freak accident at her home during yesterday afternoon's storm, when she was rendered unconscious for more than three hours by a severe bolt of lightning. Miss Fischer was eating her dinner at the time when a heavy bolt of lightning apparently grounded in the yard of the Fischer home at 215 Chamberlain street.

Her parents felt slight effects of the bolt, but the daughter was rendered unconscious. I. N. U. Co., employees who were working near the Fischer home rendered first aid and a physician was summoned. Her condition was quite serious and she was removed to the Katherine Shaw Bethel hospital where about three hours later she regained consciousness.

Parts of her body where metal was attached to her clothing, including spots of her head where she wore hair pins, were burned. Her condition was much improved today but she remained at the hospital under observation. None of the electrical appliances in the home was damaged by the force of the bolt although Mr. and Mrs. Fischer felt the effects.

## Donovan Freed After Serving Eight Months

John Donovan of East Grove, who has been a prisoner in the Lee county jail for eight months, was ordered released by Judge Grover C. Dixon, sitting in Lee county Circuit court late yesterday afternoon. Donovan's release closes lengthy litigation and requires an opinion rendered by the Illinois Supreme court, which reversed the sentence imposed by Judge Harry Wheat of Freeport, who sentenced the East Grove youth to the state penitentiary on a charge of forgery.

Donovan was indicted for the forgery of a check, which was passed at the Frank Branigan garage in Amboy in the sum of \$10, and upon a plea of guilty entered in the circuit court, Judge Wheat imposed sentence of from one to 14 years. Attorneys John P. Devine and Robert L. Bracken were retained by Donovan's father and carried the case to the Illinois Supreme Court where the sentence of the local court was reversed and Donovan's release was ordered yesterday.

## Veteran Associated Press Editor Dies in Canada

Saint John, N. B., July 11—(AP)—Dr. Oscar Watson, 73, who was cable editor of the Associated Press for a 22-year period including the World War era, died at a hospital here last night after a 2-month illness.

Trained as both a newspaper man and a physician, he practiced both professions for years after his graduation from the college of physicians and surgeons at Columbia university. He held an M. A. degree from the University of New Brunswick.

When he retired in 1929 it was estimated he had handled more than 30,000,000 words of foreign news for the Associated Press. He joined its staff in 1893 after a 2-year period of employment by a home town newspaper, the Saint John Evening Gazette.

Dr. Watson was an AP correspondent at the front in the Spanish-American war for a time. Aside from cable work, he was at times New York night city editor and night editor.

**Sycamore Has \$50,000  
Fire Early This Morn**

Sycamore, Ill., July 11—(AP)—Fire of undetermined origin threatened the Sycamore business district early today and destroyed the Townsend building, a two-story brick landmark, at a loss firemen estimated at \$50,000.

Firemen from DeKalb, Geneva and surrounding communities helped the Sycamore department bring the fire under control after two hours fighting hampered by frequent explosions of naphtha in the second floor of the structure.

Much of the loss consisted of furs stored for the summer in the garment works. Other establishments destroyed by the flames were two taverns and a cafe on the ground floor.

## Gov. Green Gives No Indication of Bookie Bill's Fate

Some Time Likely to  
Elapse Before He  
Takes Any Action

Springfield, Ill., July 11—(AP)—If Governor Green has made up his mind whether to approve or veto the handbook licensing bill, he gave no indication of it today.

The governor said he had sent about 100 legislative bills to the attorney general's office for opinions as to their constitutionality, but he did not know whether the bookie measure was among them.

Furthermore, said Green, he has not had time to look through the big batch of letters and telegrams he has received from volunteer advisers telling him what they believe should be done about the controversial measure.

Green replied that he hadn't read the mail dealing with the bookie bill when asked in a press conference about the ratio of persons for and against the legislature's plan to let any Illinois city license and regulate race betting parlors.

Aides of the chief executive said later the handbook bill was not among those which had been sent to the attorney general for opinions, and that it might be another week or more before the bill is sent out of the house engrossing committee. After that, the governor would have ten more days in which to act upon it.

**Has Press Conference**

In his press conference, Governor Green also told reporters:

That he is convinced the recent outbreak of six typhoid fever cases at East Moline state hospital is "entirely under control" because the period of greatest danger has passed without further spread of the disease among patients or employees.

It is probable that no out-of-state Republican leaders will be invited to speak on Governor's Day at the State Fair Aug. 14, although plans still are incomplete.

Additional state police are soon to be assigned to cities in defense industry and army camp areas to deal with traffic problems. Green mentioned Joliet, Champaign-Urbana and Belleville as cities where increased state personnel is required to deal with traffic problems.

Green permitted to become law without his signature today a bill permitting payment of delinquent taxes in five installments.

The bill, sponsored by Representatives Kelsey, Keller, Harris and Holten, provides that the property could not be sold for taxes during the installment payment period. The law applies to taxes becoming delinquent before Jan. 1, 1942.

The governor signed a bill appropriating \$285,110 for payments authorized by the court of claims.

## State Seeks Million For Disease Projects

Springfield, Ill., July 11—(AP)—Plans for a \$1,473,743 WPA project for control of venereal disease in Illinois have been submitted to federal officials for approval. Dr. Roland R. Cross, state health director, announced today.

The WPA project would provide clerks, laboratory assistants and investigators to supplement the venereal disease programs now operating in Chicago and downstate.

## Stiff Jolt Coming to Taxpayers Say Treasury Experts

Washington, July 11—(AP)—Treasury experts, giving a thought to the many state taxes, warned today that the jolt of next year's income taxes is going to be heavier than many people anticipated.

For instance, assuming enactment of the new federal income tax program along the lines planned by the house ways and means committee, a married man with one child and a \$10,000 taxable income will owe Uncle Sam \$11.16.

But if this man lived in New York, he would have to add on about \$260 for the New York income tax, and his total bill for income taxes would be \$1,376. In California, he'd add \$92. In Missouri \$165 and in North Carolina \$348.

## Not Typical Figures

These figures are not necessarily typical, but 31 states have individual income taxes similar to the federal levy. Besides income taxes, of course, both state and federal government have a multiplicity of tobacco, liquor, sales, estate, and other taxes.

One reason the state income taxes will make a heavy addition to the federal tax in many cases is that some states do not permit their citizens to make deductions for their federal taxes, although the federal government gives a credit for state income taxes.

At present the proposed federal income tax would be a 4 per cent "normal" tax, plus an immediate "surtax" of from 5 to 75 per cent, plus a defense tax equal to 10 per cent of the normal and surtax rates.

## Portugal Reaffirms Vow To Defend The Azores

Lisbon, Portugal, July 11—(AP)—Portuguese determination to defend the Azores was declared anew today by the influential Diario Manda, organ of the government party, in an editorial directed squarely at the United States.

The new outburst of editorial vehemence came with two developments indicating Portugal's watchfulness over her Atlantic island:

1. Another contingent of troops sailed yesterday for the Azores. It was the second to go in two days, the fourth in three months and one of the largest dispatched there so far.

2. Plans were announced for General Oscar De Fragosa Carmona, president of Portugal, to leave July 20 on a one-month tour of the strategic island group.

Portugal protested to the United States after President Roosevelt, in his May 27 fireside chat, mentioned the Azores as a potential foothold for German operations.

## British Waive Rights On Alien Ships Seized By the United States

Washington, July 11—(AP)—The British government announced today that it had waived its belligerent rights concerning Italian and German ships seized by the United States.

The announcement, made by the British embassy, will enable the United States to operate 28 Italian and two German vessels seized here last March after their crews had wrecked much of the machinery in attempts to disable the ships for service.

The Maritime Commission already has started repairing and reconditioning the seized ships to be used as replacements for United States ships turned over to the British and to make up for some of Britain's huge shipping losses.

## Getting Ahead

Aurora, Ill., July 11—(AP)—Arnold J. Fidler, starting an early political career, was elected an Aurora alderman last April. Then he became the first city official in Illinois to be inducted into the army.

Fidler has been wearing a uniform less than four months but word comes from Fort Warren, Wyo., that he is still getting ahead—he's a battalion sergeant major now.

## Man on Flying Trapeze Had Nothing on 23-Year-Old Parks Flying Cadet

East St. Louis, Ill., July 11—(AP)—The man on the flying trapeze had nothing on Victor Woodrick, 23-year-old flying cadet from Three Oaks, Mich., who went up in the seat of a plant, did a complete twisting flip in the air and rode to a landing on the tail of his aerial steed.

Of course, if civilian instructor David J. Mattis, 26, had not been along yesterday Woodrick's feat might have had a tragic ending.

They were coming in for a landing at Park's Air college with Woodrick at the controls of their two-seater training ship. Mattis

## The War Today!

By DEWITT MACKENZIE

(Telegraph Special Service)

Wendell Willkie's advocacy that the United States should follow up the occupation of Iceland by the establishment of bases in northern Ireland and Scotland naturally has given rise to vigorous speculation as to whether perchance he is the seventh son of a seventh son and therefore endowed with the tongue of prophecy.

Senator Taft gave a mighty filip to the debate yesterday when he told the senate that he heard weeks ago "on reliable authority" that the United States was constructing a naval base for Great Britain in northern Ireland." He added that "the occupation of Ireland would relieve perhaps half a million British troops for service elsewhere, and put a half-million American boys into the British Isles."

Then along came Senator Wheeler to cap this with the assertion that materials already had been sent to northern Ireland and Scotland for the construction of United States (not British) naval bases. With that the senate naval committee decided to question Secretary of the Navy Knox on the subject.

Now this column doesn't claim to know whether Willkie has special powers of prophecy, but frankly we sometimes have thought he did have. In any event it may be said that since we were not vastly surprised at the occupation of Iceland, so we shouldn't be astonished if the Republican leader got his wish.

Willkie didn't go into details as to what he had in mind, merely speaking of the completion of an arc of stepping stones across the North Atlantic to keep the sea lanes open and furnish effective aid to Britain. The idea, however, contemplates strategic potentialities of great importance.

For one thing, most trans-Atlantic shipping to England—including, of course, our own all-out aid—now has to use the northern sea route which takes it round northern Ireland and thence down into the Irish sea. This is so because the fierce German bombing of the important British seaports on the south and east coasts has rendered them largely useless and has forced everything into the congested west coast ports, including Liverpool.

Nazi submarines and other vessels have been preying heavily on the shipping far to the west of Ireland. This region has been the scene of many of the sinkings which have created such a grave position for the allies. The British have lacked the warships for adequate patrol of these waters.

Establishment of fully equipped American bases in northern Ireland and Scotland across the way would be calculated to revolutionize the position. Indeed it might be the determining factor in the battle of the Atlantic.

This brings us up against a rather delicate point (or is it?). Since the Germans have been throwing shells about in this area pretty freely, there is on reason to expect that they wouldn't toss some in the direction of any American contingent which might be knocking about. It is not being the nature of our people to take that sort of thing lying down, we presumably should respond in kind.

Should America be drawn into the war, the value of such established bases to the allied cause obviously would be enormous. They would be a safeguard against German invasion of the British Isles, and a God-send if and when the allies attempt an invasion of the continent.

Rumor has had it that Washington has been casting an eye at Portuguese bases, but Acting Secretary of State, Welles says the United States isn't seeking bases either in that country or in its possessions. One hears, without confirmation, that the allies have sounded Portugal out on the question of providing them with bases, including the vastly important Azores, and have been turned down.

Portugal is in a terribly vulnerable and difficult position. Little

## German Success or Failure in East at Stake

Vichy, Unoccupied France, July 11—(AP)—The Vichy government, after studying British terms for an armistice in Syria, announced today it had found them unacceptable and indications were that the fight with the British and DeGaulists would go on.

"The English text (of armistice condition) is in basis and in form unacceptable for the French government," said the announcement.

It added that the terms "se

### Thinking Ahead vs. "Passing Buck"

"Safety rules often are like cloaks -- we think of them only when it rains. That is after an accident occurs, the driver looks to see what traffic and safety rules apply, and then proceeds to eliminate those he failed to observe and to emphasize the violations of the other party. This practice is commonly called 'passing the buck.'"

"Rarely does an accident occur if one is operating his car with his entire attention centered upon his driving, watching the road in every respect, and anticipating every move -- in other words, 'thinking ahead.' Rarely does an accident occur even if one or more cars are present at the site of a potential accident and all drivers except one are exercising extreme caution. The alertness of the cautious drivers compensates for the negligence of the others, and generally the accident is averted. Hence in the case of collisions with other motor vehicles, or when a car strikes a pedestrian, both parties are equally guilty of some contributory negligence."

JOHN D. VAN BIBBER,  
Chief of Police

Thus writes Chief John Van Bibber in his editorial which is one in a series of 10 full pages appearing in this newspaper promoting an educational safety campaign sponsored by the Dixon Police Department and Evening Telegraph. ## Beth Atkinson Will Wed Kenneth Barnhart August 2

Eighteen friends of Miss Beth Atkinson learned of her approaching marriage to Kenneth Barnhart at a party given Wednesday evening by her mother, Mrs. A. J. Hollenbeck, and her sister, Mrs. Lyle Wade, at the home of the latter.

Tables were formed for 500. The announcement was made when Miss Lorraine Hull found the words "Beth and Barney—August 2, 1941" written on the ace of hearts.

Fortunate at cards were Ethel Atkinson and Lorraine Hull.

Delicious refreshments were served by the hostesses.

Guests included: Mrs. Lyle Wiedman, Mrs. Robert Bollman, Mrs. Carl Haack, Mrs. Kenneth Grobe, Mrs. Harry Wade, Mrs. Ralph Barnhart, Mrs. Lucian Bally, the Misses Retta Kiehlley, Leva Missman, Lorraine Missman, Lorraine Hull, Florence Atkinson, Ethel Atkinson, Frances Ransom, Mildred Ransom, the guest of honor and the hostesses.

## BETHEL CHURCH PICNIC

Annual Sunday school picnic of Bethel United Evangelical church is announced for Saturday afternoon at Lowell park. Committees from the Men's Bible class are responsible for transportation and sports. Cars will leave the church at 2 P. M. for the park. All not having transportation should be at the church at that time, or notify the committee, that special arrangements can be made.

Committees from the Truth Seekers class and Loyal Workers will provide meat, lemonade and coffee. Each family should bring their own table service, sandwiches and other food. A picnic supper will be served.

## WEDDING ANNIVERSARY

Mr. and Mrs. George H. Beckingham are celebrating their 76th birthdays and 48th wedding anniversary this week. Mrs. Beckingham was 76 yesterday and today is the birthday anniversary of Mr. Beckingham and also his 76th birthday. Mr. and Mrs. Ed Gerneman are entertaining the couple at a dinner for relatives to-night.

## SAUER-SCHMIT

(Telegraph Special Service)  
Oregon, July 11—Mr. and Mrs. August Sauer are announcing the marriage of their daughter, Elizabeth, to James Schmit, son of Mr. and Mrs. John Schmit of Rockford. The ceremony was performed March 29 at Dubuque, Ia. The couple repeated their vows June 18 at St. James Pro-Cathedral in Rockford at 8 a. m., the Rev. Monsignor McGuire reading the nuptial mass.

The bride wore a dress of beige and navy and corsage of gardenias. Miss Margaret Ripplinger of Oregon, as maid of honor wore rose and navy and corsage of carnations.

Fred Schmit of Rockford, brother of the groom, was best man.

Following the ceremony the bridal party and immediate families had a breakfast at Schromm's. They are now making their home in Rockford where Mr. Schmit is employed by the D. and W. Ice Cream company.

## ATTEND WEDDING

Mrs. James Penrose and son, James, of Keokuk, Ia. returned to their home yesterday after visiting with relatives in Dixon, DeKalb and Rockford.

While in DeKalb they attended the Flood-Ignelzi wedding at St. Mary's Catholic church. The former Eleanor Kathleen Flood, youngest daughter of Mr. and Mrs. James Flood of DeKalb and Louis L. Ignelzi of Chicago Heights were classmates at DeKalb State Teachers college.

Mr. Ignelzi is now instructor in industrial arts in the Argo high school in Chicago and the couple will make their home in that city.

Mrs. Ignelzi is the daughter of the former Miss Florence Penrose, a former resident of Dixon.

## PALMYRA HOME BUREAU

The Palmyra Home Bureau unit met yesterday with Mrs. Charles Reed. Roll call was answered by "What meetings I liked best in the year." Eighteen responded. Health lessons were conducted by Mrs. Straw and Mrs. Frances Schott. At the election of officers Mrs. Keith Swarts was chosen chairman; Mrs. Helen Reid, vice chairman; Mrs. Minnie Dollmeyer, secretary-treasurer. A picnic supper will be held August 14 at the cottage of Mrs. Paul McGinnis.

## Women Bartenders Bills on Desk of Gov. Dwight Green

Springfield, Ill., July 11—(AP)—Debate on staying the feminine touch from contact with the beer taps and cocktail shakers in public taverns soon may ring in many Illinois city council chambers.

Awaiting action by Governor Green is the so-called "women bartenders" bill, passed by the general assembly, which would permit cities to prohibit women employees from drawing, pouring or mixing alcoholic drinks in taverns or taprooms.

The only women who were excepted from terms of the bill as it passed the legislature were those who operate taverns themselves, and the wives of liquor licensees.

Senator Thomas E. Madden (D-Peoria), author of the bill, argued that the majority of male bartenders favored the elimination of women as professional competitors, and predicted that several cities would take steps under provisions of his bill, to shoo bartenders from their communities.

Opponents contended it was an open violation of women's rights.

The measure also would authorize ordinances prohibiting minors from handling alcoholic beverages as tavern employees.

## Main Liquor Law Change

The Madden bill involved the principal state liquor law change passed by the 62nd general assembly. Two other measures pertaining to liquor law administration were passed, one of them permitting bowling alleys where liquor is served, and which are not situated on the first floor, to screen their windows. Governor Green has approved this measure.

The other bill made a technical revision in licenses for non-beverage purposes, involving hospitals, pharmacists, and some manufacturers.

Legislation to add restrictions to the present liquor control law, and other bills to liberalize the statutes were killed in the assembly. Notably among the liquor bills which failed to pass were proposals to establish a state closing hour for taverns at 1 a. m., and a measure which would have permitted local option referendums on a county-wide basis.

Brazilian scientists have cooked up a sturdy coffee-bean plastic called "cafelite" which holds great promise for aeronautical use.

The army June 18, is now at Camp Polk, La. from where he writes to his family that he is now getting used to the heat, has had no ill effects from the health shots and he likes the food.

## Going-Away Dress

Smart going-away costume for the bride includes a red and gray silk print dress and a red faille coat.

## POLICEMEN FIRED

Chicago—(AP)—The city civil service commission discharged from duty three policemen who were accused of accepting a \$100 bribe from three men and two women after a raid on a private club May 18. The officers were Sgt. Raymond J. Nelligan and Patrolmen James E. Ryan and James J. McDonald.

## It's there with an Extra Wallop in reserve

SOMETIMES in your automobile you want zip and ginger, sometimes thrift.

Just name your choice. In this high-stepping Buick straight-eight with Compound Carburetion you can have either, each in its proper place.

You can go about your business in easy, ordinary, everyday travel—and this frugal, two-carburetor system will keep you rolling smoothly with only the forward, thrift-size mixer on the job.

Yet any time you want life, lift, super-power it's there with an extra wallop in reserve—just step down on the treadle and you've got it.

That simple move sends

the second carburetor into action; steps up not only fuel supply but the air supply as well.

Thus you have your fun—and frugality too. Owners report mileage figures as much as 10% to 15% higher than on previous Buicks of the same size.

Which means, better go look at the engine that's both thrill-packed and thrifty too. You'll find it in a bigger, roomier, smarter-looking automobile that gives you more value per dollar than anything else you can buy.

†Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

**\$930** for the Business Coupe (illustrated above) including Compound Carburetion.

delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice.

## PAYS YOUR GAS TAX FOR YOU

At present Federal tax rates, the savings on gasoline effected by Compound Carburetion are usually more than enough to pay Federal taxes on the gas you buy.

## A Thought For Today

The world cannot hate you; but it may hate, because I testify of it, that the works thereof are evil.—John 7:7.

This restless world is full of chances, which by habit's power to learn of behavior is easier than to shun.—John Armstrong.

## Thinking Time

Safety rules often are like cloaks, we think of them only when it "rains." That is, after an accident occurs, the driver looks to see what traffic and safety rules apply, and then proceeds to eliminate those he failed to observe and to emphasize the violations of the other party. This practice is commonly called "passing the buck."

Rarely does an accident occur if one is operating his car with his entire attention centered upon his driving, watching the road in every respect, and anticipating every move—in other words, "thinking ahead." Rarely does an accident occur even if one or more cars are present at the site of a potential accident and all drivers except one are exercising extreme caution. The alertness of the cautious driver compensates for the negligence of the others, and generally the accident is averted. Hence in the case of collisions with other motor vehicles, or when a car strikes a pedestrian, both parties are equally guilty of some contributory negligence.

A great scientist once said, "One cannot calculate the madness of the people." Only too frequently do two motorists, driving while intoxicated meet with the result that one is not capable of avoiding the other and an accident follows.

At some time or other, nearly every motorist inadvertently violates a traffic or safety rule. However, his carelessness may not cause an accident because no other object, pedestrian, or vehicle, may be present at the time—or circumstances may be favorable to the driver.

It is the "slip" occurring at the wrong instant, that causes accidents and during these small intervals of time drivers are not apt to be thinking of any driving rules. "It all happened so quickly" is an expression by survivors of practically all motor vehicle crashes. Collisions would not occur if the length of time which elapsed between the instant impending danger is sighted and the instant the subsequent crash ensues, could be calculated or measured. This length of time can only be estimated in fractions of seconds.

Therefore, the time for motorists to do their thinking is before they sight danger and not after. For drivers to operate at speeds which will advance them beyond their "thinking distance" only invites tragedy.

You can't keep a good thermometer down.

## SERIAL STORY

# ANOTHER MAN'S WIFE

BY DONNA ASHWORTH

COPYRIGHT, 1941.  
NEA SERVICE, INC.

YESTERDAY, when Ann asked Ken to take her to her Jim Coon's orchestra, Ken refused, saying Coon would publicly recognize her as a dancer and that the incident would be humiliating. Ann hears rumors about Ken being seen frequently with Janet, but she refuses to believe them. One day, when she sees Jim Coon walking down the street toward her, she decides frantically to avoid him.

## JERRY HELPS OUT

### CHAPTER XI

ANN turned into the first door. The Kit Kat Tea Room. She gasped as she looked at the mellow lighted interior and hurried toward a booth.

"Like old times, isn't it, Janet, having afternoon cocktails here together?"

Ken's voice.

A wry little smile twisted itself about Ann's mouth, and she swallowed a lump in her throat. Sally had been right. Ken was with Janet. Had he been coming every day? Had he been dining with her every night, when he told Ann he was working?

"Where are we going to dinner tonight, Janet?" Coon's orchestra is playing at the Strathmore. We could dance together to the grandest music in the world. We used to have grand times together at the Strathmore."

"Before you became engaged to little, ladylike Ann. Don't forget, Ken, you are engaged."

"But not married, Janet, and there's many a slip—We can still dance together and dine together and no one can stop us."

Other words came to Ann, but they did not register on her stunned brain. She watched them leave the tearoom so interested in each other they did not notice her.

"He's double-crossing you, telling you he has to work at night when he's dining and driving with Janet."

That was what Sally had said. Sally had been right. A thousand things were leaping up to taunt her—Ken's scorn of her dancing, his wanting her to pretend to be something she wasn't, his arrogance, and now his unfaithfulness.

But suddenly she knew that it did not matter, because all at once, for no reason that she could understand, she did not care. She no longer wanted to be the lady—the sedate person he wanted her to be. She no longer wanted to fit into that background of aristocracy which meant so much to him. She wanted to dance. And more than anything else she wanted Jerry Lane with his sincerity and honesty.

She had called Jerry crude, but now she knew that real, rough

quality in him was what she loved. There was no veneer about Jerry. He was just what he was and she loved him.

JERRY. She thought of him breathlessly, shining eyed.

She wanted to dance with him again to Jim Coon's orchestra. He had told her that when she called him he would come no matter when. She'd find out from Jim Coon if he was still in New York. She couldn't get to the telephone fast enough.

At last . . . "Jerry. Her voice was high and shrill as she hung the words over the telephone to him. "Jerry, this is Lita. The veneer has cracked just as you said it would. Jim Coon's in town. He told me where to find you. And I want you to come to me tonight to dance with me."

"You've got to come. Get a plane. If I ever meant anything to you, you've got to come now . . ."

"You can't! But, Jerry . . ."

"Oh! You've got your call! You're ordered to report to camp tomorrow! But, Jerry, you must . . . I need you!"

It was a rainy, misty June night as Ann sped over the highway to the airport. She had scarcely parked the car when a plane was zooming overhead in the darkness. Then it was bumping over the ground and had stopped.

She ran forward, holding out welcoming hands to Jerry. She could scarcely wait for him to take her in his arms, to feel the warm, hungry pressure of his lips against hers. But he wasn't gathering her close.

Stunned, she realized that he was holding her hands in the same impersonal way that he would hold the hands of any girl he liked—that he wasn't going to kiss her at all. She no longer meant anything. The realization was like a lash cutting her.

The tears spilled over and trickled down her cheeks. She fumbled for her handkerchief.

"Why, Lita . . . what's the matter?" He was looking down at her in the dim light.

"Nothing." She swallowed a sob. "I guess I was just homesick to see you. It's silly of me to cry, isn't it? But it's just nerves. I've had a quarrel with Ken, only I haven't really. I'll explain. Anyway the effect is the same as far as the tears are concerned."

She heard him giving the pilot instructions. He would be flying back about midnight.

Midnight. The word was like a dart of pain through her heart. "But you can't—so soon." She exclaimed sharply.

## The Virtue of Being First

It is a relief to see anti-Nazi forces move first. Always they have been fighting desperate rear guard actions after the Nazi Fuehrer has taken the initiative.

That's why the American move into Iceland is a logical, wisely foresighted step.

The full meaning of the setting up of an American naval base beyond what has been traditionally regarded the Western Hemisphere is not yet completely clear. But this probably wouldn't be far wrong:

With vast Nazi forces now engaged in Russia, there is a tendency throughout the anti-Nazi world to sit back, relax, and enjoy the breathing spell.

Nothing could be more fatal. A breathing spell utilized to the full to catch up and speed up is really useful. The Russian diversion is no time to lay back and take it easy on aid to Britain. It is a heaven-sent opportunity to double and redouble that aid.

Now Iceland. By autumn, one of two things will have happened. Either the Nazis will have beaten the Russian army, or they will be deeply involved in a winter campaign in central Russia. We're not guessing which.

In the first case, the whole German might may well be turned to a desperate all-out assault on Britain, probably before winter. In the second case, a redoubled campaign in the Atlantic will be almost certain, in desperate need to stop the aid to Britain which would by then be a vital factor.

Note that it is the Navy which is taking over Iceland from the British. That means a naval station somewhere in Icelandic waters, which are almost ice-free all the year around. That, in turn, means another and advanced link in the chain U. S. east coast-Newfoundland-Greenland-Iceland-north England. That is the vital supply line that the United States has undertaken to keep clear, which must be kept clear if England is not to be forced against her will into a peace as dangerous to the United States as degrading to herself.

The occupation of Iceland is obviously a step taken not for the present, but for the near future. Iceland lies squarely within what the Germans have proclaimed to be a war zone, but in a part of that zone which the United States has determined is vital to its own protection.

From steps like this there can be no drawing back. They must be made to stick, and stick firmly.

## The U. S. Is Not Amused

For some reason hard for outsiders to fathom, the biscuit-and-banjo campaign tactics of Gov. W. Lee O'Daniel seem to amuse the electorate of Texas. By dint of lavish use of hill-billy music and slogans about passing biscuits, O'Daniel got himself elected governor of Texas, and now seems to have been elected to the U. S. Senate.

Whether O'Daniel will try out on the whole American people the same kind of political horseplay that tickled Texas remains to be seen. But these are serious times. With the world rapidly falling apart around our ears, we are old fashioned enough to believe that a U. S. senator must seriously buckle down to national problems.

If O'Daniel tries out the biscuits-and-banjo technique in the U. S. Senate, we predict that the people of the United States will not be amused.

# NEWS BEHIND THE NEWS

By PAUL MALLON

Washington, July 10.—The army is stiffening its backbone. Unpublicized orders gave gone out to commanders from the war department here requiring them to certify specifically the adequate training condition of troops before permitting them to participate in maneuvers. Certification must be sent to the general staff. If the troops are unprepared it must be accompanied by an explanation why.

The general staff apparently has had enough excuses for the sloppy maneuvering. Actually some of the trainees do not yet know what a soldier should do when he hears The Star Spangled Banner played.

Speaker of the House Sam Rayburn offered a rare justification of his title when he spoke out against General Marshall's request for extension of the training term of draftees. The rate situation behind it is this:

A large number of house members justified their original vote for draft act by telling their constituents that after all, it was only for one year, and only 12 months in the open would benefit the boys. As they looked at the legislative problem their home-made speeches might be construed as a political promise, especially as their elections come up next year. They wanted to be relieved of responsibility.

Speaking out in a situation like that is one of the prime protective duties of a practical speaker of the house.

There are nearly 50 legal ways in which the war department could keep the men it wants in service beyond a year—including voluntary enlistments. One or more of these will be found. The necessity for added training in view of the mechanical trend of warfare, cannot be avoided if the country wants an army able to defend it. This is recognized by both politicians and military men alike. The only really moot question was who would take the responsibility for an unpleasant duty.

The army knows by now which men it would like to keep and which ones are troublemakers, temperamentally unfit, too old. Legal ways will be found to weed these out and to retain those best able to defend the country, between now and the first draft expiration period in December.

There will be no trouble about it.

Roosevelt says he has given up trying to decide where the western hemisphere ends. A year or so ago when he took over Greenland, he said a reasonable limit would be furnished by a line midway between the bulges of Africa and South America. This would put Iceland and the Azores in Europe. The state department geographer, S. W. Boggs, proclaimed June 8, 1940 (in a letter to Congresswoman Rogers of Massachusetts) that 20 degrees west was the limit accepted by most geographers. This leaves out two-thirds of Iceland, but comfortably takes in the Azores and Cape Verde. (Boggs called the inclusion "a minor disadvantage" at the time, on the ground that these islands were customarily associated with the old world.) But Boggs left the matter comfortably indefinite in 2000 words.

The 20 degrees limit probably will become the accepted one diplomatically as well as geographically. Occupation of the two-thirds of Iceland extending beyond this limit can be put on necessary military rather than geographical grounds.

War dangers involved in the Iceland venture apparently are escaping congressmen entirely. The prevailing impression on the hill is that the Nazis will not attack Iceland and therefore the troops there will never see action. This is reasonable, but the overlooked important part of the move is our assumption of the obligation to keep the waters free between here and a spot within 500 miles of Scotland.

Most of the deep, far-offshore British cargo ships have developed just south of Iceland. The convoys lanes run both to the north and south. Many sinkings have been reported far west of Iceland. The battle between the Bismarck and Hood started west of it.

The first results are, therefore, likely to develop from our naval efforts to keep an open sea lane zone. Only the Germans can accurately predict what these results are to be.

"Sincerely yours,"

"Eleanor Roosevelt."

# Commander Voices Praises for 33rd Division's Action

## Major General Lawton Well Pleased With Conduct of Men

Camp Forrest, Tenn., July 11.—(AP)—Twenty-five hundred Illinois troops of the 33rd division went on a delayed July 4 holiday today.

They and 2,500 to go next week took the leave late because transportation facilities could handle only 3,500 last weekend.

The camp commander, Maj. Gen. Samuel T. Lawton, said he hoped there would be as few absences without leave during the next two weeks as were reported last weekend.

"It was splendid, I think, that only 90 men were missing Monday morning out of 17,000 enlisted men," the general said. "Altogether about 300 men went A. W. O. L. over the holiday."

"You could ordinarily expect as many as 300 out of a division to be absent over a payday or a holiday. Considering that payday and the Fourth came together, I am well pleased with the division."

General Lawton said each A. W. O. L. was being handled individually and punishment meted out according to each case.

None in Guard House  
"We are calling up each man who was absent and talking it over with him," he said. "Not a single man was put in the guard house."

The commander indicated that any noncommissioned officers who were absent might be reduced to privates either temporarily or permanently, depending on circumstances.

In one case a whole section of 19 men were absent.

In the anti-tank company of the 129th infantry from Waukegan, Ill., men sacrificed for their officers. After drawing lots to decide which 22 of 131 men would go home on the Fourth, it was discovered First Sgt. James Buckles had drawn a blank. Half the lucky ones were guardsmen and the other 11 were selectees. The selectees drew lots to see who would give up his leave for the sergeant.

The company's captain, seeing the disappointment of those who had to stay in camp, declared he would give up his leave and stay with the men. But the men quickly signed a petition demanding that Capt. Lyle Kelly take his leave and promised that there would be no misconduct while he was gone. Not a single man went A. W. O. L. over the Fourth.

Tommy Gets Note

He Can't Yet Read

London, July 11.—(AP)—Little Tommy Maloney, aged three and a half, received a letter today he is too young to read.

It was from Mrs. Franklin D. Roosevelt, who has "adopted him" by contributing to his support, and she said:

"My Dear Thomas,  
"I have your picture and you are a very brave-looking little boy. I know your mother is glad to have you and your sister in a safe place where you can have good fun, sunshine and fresh air."

"I know your sister will take good care of you and when you can go back to your mother you will be a big, strong boy. I hope the next report will tell me you are growing stronger every day and that you are very happy in your adopted home."

## Deaths

### Local—

#### MRS. ELIZABETH B. MARTIN

Mrs. Elizabeth Barge Martin, daughter of Dixon pioneers, died at the home of her niece, Mrs. Elizabeth Barge Crum in Chicago at 1:30 o'clock Thursday afternoon, her death terminating a long illness. The remains arrived in Dixon today and were taken to the Preston funeral home. Funeral arrangements have not been completed pending the arrival of her nephew William Barge III of New York City, and will be announced later.

Mrs. Martin was a member of a very prominent family in Dixon, a great granddaughter of Father John Dixon. Her father, the late Judge Barge was one of Illinois' distinguished citizens. Three brothers, Attorney Charles Barge, who passed away in Paris, France; William and John Barge and one sister Mrs. Emma Rathburn, preceded her in death.

Mrs. Martin was a beautiful woman and very prominent socially. Many will recall the lavish hospitality extended to her guests at the Barge home, the large brick house now owned by the Graybill estate. Her only survivors are her niece, Mrs. Crum, and a nephew, William Barge.

Concerning Mrs. Martin's illustrious father, a history of Lee county published in 1904 and edited by the late Attorney A. C. Bardwell of Dixon said:

"William Barge, attorney-at-law, Dixon, Ill., and Nestor of the Lee County bar, was born in Armstrong county, Penn., Feb. 26, 1832, son of John and Jane (Elliot) Barge, the former of French and the latter of Scotch ancestry. His paternal grandfather was a soldier in the Continental Army during the Revolutionary War, and was killed at the battle of Brandywine, while his father was a soldier in the War of 1812 and participated in the battle of New Orleans. His father having died, William Barge, together with his mother and two sisters, left Ohio, to which place the family had removed in the early '30s, and drove to Henry county, Ill. Mr. Barge began life in Illinois as a school teacher, and after teaching at several different points in the state, came to Dixon in 1854, where he followed that profession for several years, and to him is due the honor of organizing the first graded school in Lee county. He was admitted to the bar in 1860 and opened an office in Dixon, where he has since practiced his profession. For the past thirty years he has been employed as attorney for the Chicago & Northwestern Railway, and has been connected with the Illinois Central Railroad, in a similar capacity for twenty-five years. In 1856, Mr. Barge married Elizabeth Dixon, daughter of James P. and granddaughter of Father John Dixon. In politics Mr. Barge is a Democrat."

## STONEHOUSE RETURNS

Pro Ralph Stonehouse returned to Dixon this morning from the National P. G. A. wars at Denver, Colo., where he lost 3 and 2 to Horton Smith in the second round Wednesday afternoon over the Cherry Hills course. Ralph, handicapped by an injured elbow, nevertheless played brilliantly and defeated Frank Champ of Bedford, Ind., in the first round. Ralph today described Horton Smith "as one of the greatest golfers I have ever seen" and praised the opponent's talents. The local pro had only 27 holes of practicing before the qualifying rounds began. In the match with Smith, Stonehouse was one under par at the end of nine holes with Horton two under. Ralph sank two birdies for his scoring. He praised the 20-foot downhill putt which Smith sank and the other 12-foot putting exhibitions of skill. The injured arm which Stonehouse is nursing is bothering him considerably now and he expects to have an operation on the chipped bone a week from Monday. Dixon golf fans are well satisfied with Ralph's excellent showing in the tournament and he did much to put this community on the map of big time golf. He too is full of gratitude for excellent backing and support shown by his home club.

## "MOONLIGHT" TRAIL RIDE

There wasn't any moon last night, but that didn't halt the riders of the local "sage" who staged their "moonlight" ride per schedule. Twenty-five equestrians followed the trails through Hazelwood and Lowell park and 11 more joined the party at the Dickey stables after the ride where a big steak fry was held over the outdoor fireplace. Those who were in the party, either as riders or "eaters," were: Miss Bertha Jeager, Mr. and Mrs. Charles Fidler, Mr. and Mrs. Joe Kulan and daughter, Joan of Sterling, Quincey Adams, Miss Wilda Hall, Dr. R. R. Dwyer, Ed Struhs, Dr. and Mrs. C. R. Collins, John Roe, Mr. and Mrs. Arthur Dickey, Barney Hoon, Darwin May, Mr. and Mrs. Arthur Keithahn, Michael Coffey, Mr. and Mrs. Tom Burke, Mr. and Mrs. J. W. Pine, Beverly Edous, Vivian Oakford, L. Venter of Oswego, Mr. and Mrs. Clarence Meyers, Ralph Moore, Buck and Charlie Lambert, Pat and Joan Risley, Maxine and Ward McGinnis. Another night ride is planned for next Thursday night and a breakfast ride will be held Sunday morning.

## SUGGESTION

James E. Bales has a "noble" suggestion for a golf tournament among members of the Dixon Junior Association of Commerce. According to his proposal, it should be a handicap event with the better players giving the smaller lads a chance. Well, who'll pick it up from there?

## READING THE CRYSTAL BALL

We're not exactly psychic, Willard, but let's see, if we read our crystal ball correctly you got a letter recently from Jack Fritzen, one-time editor of "Chip Shots" in The Telegraph and now of Findlay, Ohio. And Willard, (Jones), it seems to us that the letter began—"Dear Champ (1940-1941)—I see by the greatest paper in northern Illinois that you have successfully retained the jeweled Jones' golfing diadem. From having witnessed your stellar game at the club in the past, I truly feel sorry for the rest of the Jones clan. However, I will try to make their plight less obvious by sending them—in your care—a little gift which should reach you soon." And, folks, the gift is three jars of a deodorant. Don't ask us how we found out about this letter, Willard, all we know is what we read in the papers.

## TRIPLE BILL AT POLO TONIGHT

Tonight the last two games in the first round of the Polo Softball league will be played. Coopers will meet Brookville and the Farm Bureau meets Naylons. One postponed game (Coopers vs. Polo Garment) will make it a triple bill with this game starting at 6:30. The second round starts next Tuesday night and the season ends August 29.

## ALL-STAR POLL OPENS SOON

Voting will begin Saturday in the eighth annual poll to select the all-star team of collegiate football players who will appear against the Chicago Bears, National Football league champions, in Soldiers' Field, Chicago, August 28. The Chicago Tribune and its sports editor, Arch Ward, conduct the poll each year with the assistance of newspapers all over the country. The Dixon Evening Telegraph will again be a polling place for voters of this area who may send their ballots by mail to the sports editor. The voting ends midnight, July 29. Vote early!

## PLENTY CLASSY

Our "Denver Correspondent" informs us that Ralph Stonehouse "played well" in his loss to Horton Smith in the P. G. A. tournament Wednesday afternoon. He is reported to have been 4 under par which is 67 for the 18 holes. That's plenty classy, lads.

## LISTED AMONG FOOTBALL STARS

Floyd Covill of Amboy, outstanding fullback on the Illinois Normal university football team last season, is listed among the suggested candidates which Arch Ward has made to help fans vote in the poll to pick the all-star collegiate team to play the Chicago Bears in August. Covill completed his college career last fall and is eligible as a candidate for the team. That ought to bring in a raft of ballots to this office from down Amboy way. The Telegraph is co-operating with The Tribune in conducting the poll.

## EMMERT NAMES LINEUP FOR KNACKS INVASION

The Dixon Knacks hardball club which has now won four of nine games will seek to even the count Sunday afternoon when they invade Rock Falls to play Howe's All-Stars. The locals defeated the All-Stars here in a holiday game, July 4, by a score of 2 to 1. Manager Emmert has named his starting lineup for Sunday as follows: Kuhn rf, Martinkus 3b, Studzinski ss, Miller cf, Williams lf, Rucker lf, Full c, Carlson 2b and Keegan p. Reserves include Page and Devine and Bill Bushman will serve as coach.

## NO GAMES LAST NIGHT

With the Airport ball yard to wet for play, the two games scheduled in the Dixon Softball league last night, were postponed and will be played later.

## SUNDAY GAMES IN TRI-COUNTY LOOP

Starting the second round of games in the Tri-County league Sunday are four games to be played. The Rochelle team has changed its name to "Ramblers" on the opinion of the manager that most of the lads hail from all around Rochelle, but few from the Hub city itself. The Sunday schedule is as follows: Lee at Malta, Esmond at Ashton, Shabbona at Leaf River and Creston vs. Ramblers at Rochelle. Shabbona is still undefeated in the league and meets the strong second place Malta boys in the crucial game this Sabbath.

## MECCA FOR ALL GOLFERS

Golfers from far and near are expected to throng the Rochelle Country club course Sunday afternoon when four big-name boys will appear in an exhibition match which has been arranged by Dan Hooley of the Hub city. And, boys and girls, it's all free! The match will be between George and Warren Dawson, Don Armstrong and John David—all of whom hold an array of blue ribbon championships. Both George and Warren Dawson are personal friends of Mr. Hooley, having been guests at his home in Rochelle many times. This will be the fifth exhibition in which Don Armstrong has played for his friend John Martin, Rochelle pro.

## UNITED CIGARS TO STERLING

The Dixon softball league leaders, the United Cigars, will go to Sterling tonight to play the Boosters of that city. Local players are to report at the cigar store at 7 o'clock.

## TWO-BALL HANDICAP MATCH

In the current two-ball handicap matches at the Dixon Country club Floyd Smith and Ralph Coffey defeated Mark Keller and B. C. Taylor, 3 and 2, to win the right to meet Cal Tyler and John Torrrens in the upper bracket play off.

## JUNIOR LEGION HAS SUNDAY GAME

The Dixon Junior Legion baseball club will play the Lee Center squad here at Reynolds Field Sunday afternoon at 2 o'clock.

## RAIN HALTS FIELD DAY

Yesterday's noon downpour interrupted the field day program for playground children at the E. C. Smith grounds and Miss Mary Frombold, director, has announced the rest of the activities will be held Monday. Hey Bros. today donated gifts of ice cream to all the children at Lowell park.

# De Kalb Wins Title in Lincoln Highway Golf Tourney

## HOSTS CAPTURE MOST PRIZES IN 1941 GOLF MEET

### Milo Oakland Wins Individual Title; Detweiler Third

If host golfers are going to take all the prizes in the Lincoln Highway tournaments, then it is Dixon's turn next year when the local country club is host at the annual meet. But for 1941 all honors went to the golfers of Kishwaukee Country club at DeKalb over whose course this year's tournament ended yesterday.

The hosts won the team championship for the 72 holes of play with a total of 56 up on bogey, the only team out of the seven to finish on the plus side of the ledger.

According to the report from the host city this morning Dixon and Oregon were tied for second and third with 33 down on bogey; Polo was 76 down; Clinton, Ia. 91 down; Sterling's Rock River Country club 95 down and Morrison 110 down.

### Individual Champion

Milo Oakland of the Kishwaukee champions won the individual championship with a total of 293 strokes for the 72 holes in medal play. Dee Hunt of the same club was second prize winner with 298. Prizes were given for total individual scores only for two places, but Ken Detweiler, last year's champion, was third with 301.

Detweiler won the first flight prize. Jim Markle, Jr. of Polo who finished with 314 won the second flight; H. B. Hird of DeKalb (30) won third flight; Ric Lahti of DeKalb (306) won fourth flight; O. I. Stevens of DeKalb (314) won fifth flight; and Forest Andrews of DeKalb (304) won sixth flight.

Individual scores for the DeKalb champions were as follows: D. L. Hunt, 298, 13 up; Milo Oakland, 293, 17 up; H. B. Hird, 303, 9 up; Ric Lahti, 306, 9 up; O. I. Stevens, 314, 2 down; Forest Andrews, 304, 10 up.

Dixon's individual scores were as follows: Ken Detweiler, 301, 16 up on bogey; George Joyce, 315, 1 down; Bill Witzleb, 341, 19 down; Mark Keller, Jr., 329, 9 down; Darrel Reis, 356, 13 down; Floyd Smith, 326, 7 down.

Tim Sullivan of Dixon, who has kept scores for all the Lincoln Highway tournaments was the official scorer this year.

## New Bridge at Peru Up to Government

Springfield, Ill., July 11—(AP)—It will be largely up to the federal government whether or not the proposed \$1,750,000 Peru bridge project is carried out within the next few years.

That was the opinion expressed by Harry J. Brock, Peru City Engineer, who headed a LaSalle county delegation that conferred yesterday with Governor Green and Walter A. Rosenfield, State Director of Public Works and Buildings.

The group asked early action on the proposal to re-route U. S. highway 51 and to construct a new bridge over the Illinois river at Peru. Brock said Governor Green pledged co-operation in seeking to have the route designated as a defense highway so that it could be programmed for early construction.

Carter Jenkins, chief state waterways engineer, said reconstruction of the 70-year-old wooden bridge now spanning the Illinois river at Peru would be impractical. Brock quoted Jenkins as saying it would be more advisable to construct the new bridge than attempt to rebuild the present structure, said to be the oldest on the Illinois river.

## Estimate State's Corn at 369,910,000 Bushels

Washington, July 11—(AP)—The department of agriculture's estimate on the Illinois' 1941 corn crop was fixed today at 369,910,000 bushels.

Winter wheat production was estimated at 38,388,000 bushels while the oats yield was fixed at 137,240,000.

The state has 2,912,000 acres planted in soy beans, the department said, compared with 1940's 3,065,000.

Peach production was pictured as taking a sharp jump in 1941 over last year. The Illinois estimate for this year is 2,230,000 bushels, far above 1940's yield of 200,000 bushels.

The state's 1941 grape crop was set at 8,600 tons, 500 tons more than last year.

## KIMBROUGH EXPECTED

New York—John Kimbrough is expected when New York Yankees of American Professional Football League begin training at Rockleigh, N. J., Aug. 15.

## SEMI-FINALS OF NET MEET ARE TODAY

Indianapolis, July 11—(AP)—National Champion Don McNeill of Gambier, O., seeded first in the men's singles, took on Billy Talbert of Cincinnati, seeded No. 4, in a semi-final match of the 54th annual Western Tennis Tournament at the Woodstock Country club today.

Dorothy Bundy of Winter Park, Fla., second seeded among the women, met Mary Arnold of Los Angeles, No. 4, in another feature match. The remaining semi-finals in both divisions will be played tomorrow, with finals Sunday.

In yesterday's quarter-finals, McNeill had to go to three sets to beat Dave Freeman of Pomona, Calif., seeded fifth. Talbert eliminated the last seeded player, George Ball of El Paso, Texas.

### Riggs Wins

Bobby Riggs of Chicago and Clinton, S. C., the defending western champion who was seeded second, defeated eighth seeded, Harris Everett of Jacksonville, Fla.

Frank Kovacs of Oakland, Calif., No. 3, downed Earl Bartlett, New Orleans, sixth seeded.

First seeded Pauline Betz, also of Winter Park, beat Catherine Wolf of Elkhart, Ind., seeded eighth, 6-3, 6-4, while Miss Arnold triumphed over sixth seeded Jan Stanton of Hollywood, Calif., Miss Bundy won over Shirley Fry, Akron, O., 14-year-old dark horse entrant.

Virginia Wolfenden of San Francisco, third, defeated Barbara Bradley, of Los Angeles, seventh seeded.

## JOE LOUIS HAS FOUR-ROUND EXHIBITION TONIGHT WITH ROBINSON AT MINNEAPOLIS

Minneapolis, July 11—(AP)—Picking up some pocket change for a Minnesota fishing and golf trip, Joe Louis has a four round exhibition number with Jimmy Robinson of Philadelphia here tonight.

Family and draft troubles put the heavyweight boxing champion in a good mood for a real scrap. He expressed disappointment that his business department signed him up for a pillow fight.

But the date was made several weeks ago before Joe was stirred first by a divorce suit by his wife, Marva, and next by a sort of companion gesture about the draft board considering a higher selective classification for the title holder.

The boxing papers provide that fourteen ounce gloves be used. That the bout be advertised as an "exhibition," that Louis' title be not a stake and some similar softening provisions.

## PALMER HOUSE ALL-STARS TO MAKE BID FOR THEIR THIRD STRAIGHT SEMI-PRO CROWN

Kewanee, Ill., July 11—(AP)—The Palmer House All-Stars of Chicago will begin their bid Monday for their third straight semi-pro baseball championship of Illinois in the annual tourney.

Fifteen other teams will be seeking to dethrone the defending champions, nine of which already have filed their entries. The meet will be conducted on a double elimination basis, two losses being necessary to put a team out of the running.

The field of competitors at present includes Johnson Sea Horses of Waukegan, Joliet Schlitz, Hiram Walkers and Gipsy's Brewery of Peoria, Kewanee Parkers, Andover Swedes, Port Byron Merchants, Moline Merchants, and Springfield Valley.

The victor in the week-long tournament will qualify to represent Illinois in the national semi-pro battle at Wichita, Kans.

## THE HARD WAY

Baltimore, Md., July 11—(AP)—Charlie Betschler, pro at the Hillendale Country club, vouchers for this one:

Eddie Semmler swatted a tee shot on the 110-yard 17th hole. The ball landed six inches past the cup, but, because of extreme backspin, hopped backward for a hole-in-one the hard way.

## State Defense Council Praised by Gov. Green

Springfield, Ill., July 11—(AP)—The state's industrial and farm resources are being welded into a solid phalanx for national preparedness by the new Illinois Council of Defense, Governor Green declared last night.

The governor spoke from the historic home of Abraham Lincoln in a radio address as the first of a series sponsored by the Defense Council.

"These workers at home defend us as mightily now, as will the men who wear the uniforms of our military forces, should we be forced into war," the governor said.

An anemometer is used for measuring the speed of the wind.

## It's Now or Never For Jeanne Cline in Junior Tourney

St. Charles, Ill., July 11—(AP)—It's now or never for 17-year-old Jeanne Cline of Bloomington, Ill., in the Women's Western Junior Golf tournament.

Although a familiar figure on the golfing scene since she was 14, Miss Cline never has been able to win the eastern Junior title. Today gave her a last chance—a meeting with Dorothy Campbell of St. Louis in the tourney finals. She'll be too old to compete in this event next year.

She was an overwhelming favorite to defeat Miss Campbell after playing brilliant golf all the way to the title round. Miss Cline moved through the semi-finals yesterday with a 6 and 5 victory over Betty Brown of Texarkana, Ark., and Miss Campbell defeated Betty Jane Haemerle, another St. Louisian, in 22 holes.

Miss Cline won the medal with a fancy 81 and was an easy victory over all her opponents except Phyllis Otto of Omaha, Neb., whom she eliminated in overtime.

Daughter of a Bloomington doctor, Miss Cline has been close in many meets, but has yet to win any of the prominent fixtures.

## YESTERDAY'S STARS

(By The Associated Press) Bob Feller, Indians — Pitched six-hit ball and clouted single and three-bagger that figured in all of Tribe scoring against A's.

Kirby Higbe, Dodgers — His second straight five-hitter brought victory over Reds.

Mike Kreevich, White Sox — Led team's 14-hit attack on Senators with double and three singles.

Vern Olsen, Cubs — Held Braves to seven safeties and singled to drive in run in 3-1 triumph.

Joe Gordon, Yankees — His homer produced only run in abbreviated victory over Browns.

Coaker Triplett, Cardinals — His three-run effort, about as big a blow in defeat of Giants.

Rip Sewell and Joe Sullivan, Pirates — Kept Phils' eight hits well-scattered.

## SPRINGFIELD PITCHER SETS CEDAR RAPIDS DOWN, 7 TO 1

(By The Associated Press) Homer Gibson, of Springfield was in rare form last night, setting league-leading Cedar Rapids down with a costly defeat, 7 to 1, on a two-hit performance.

Bill Edwards' home run in the second inning robbed Gibson of a shutout while the Browns collected 11 hits off two Cedar Rapids pitchers.

The loss dropped the Raiders a half game back of Evansville on won-lost calculations but the percentage table leaves Cedar Rapids in first place by a half game.

Clinton and Decatur split a doubleheader. Decatur took the seven-inning twilight battle, 5 to 2, and Clinton evened the score with a 9 to 7 triumph in the nightcap.

The Madison-Evansville and Waterloo-Moline games were postponed by rain.

## STARETOR SHOULD WIN THE HOLLYWOOD DERBY SATURDAY

Los Angeles, July 11—(AP)—Stargator should win the \$25,000 Hollywood Derby tomorrow, and it doesn't take a mixture of witch magic, midnight oil and three recent editions of the Racing Form to arrive at that momentous conclusion.

As the leading member of the National Whirlaway Victim Lodge, Staretor goes postward as the solid choice of most of the experts in the mile and one quarter fixture.

Racing against the Hugh S. Nesbitt colt will be a field small, select and, going on past records, made up almost entirely of C. S. Howard's colts, Porter's Cap.

## Sports Roundup

### by EDDIE BRIETZ

New York, July 11—(The Special News Service)—The name of Billy Conn's movie has been changed from "Kid Tinsel" to "The Pittsburgh Kid," which is more like it. . . . And Billy's opponent will be Jack Roper, the old heavyweight, who is a Hollywood electrician. . . . Pilgrims returning from Detroit say old Bobo Newsom was going around wondering right out loud why he wasn't on the All-Star team. . . . Is Joe Louis slipping? Well, last Sunday Mike Jacobs long-distanced Chicago and tried to get promotional rights to Book-er Beckwith, sensational Negro heavy with a string of 17 straight wins since turning pro. A year ago Mike turned down a chance to take over Beckwith because it would "detract from Louis." The Dan Toppings (you all know who she was) hit town today. Sonja was carrying her ice in platinum, while Dan had the signed contract of Dean McAdams, Washington U's great fullback, in his hip pocket.

### THE ANVIL CHORUS

The baseball writers are having a fine old time second-guessing Bill McKechnie's strategy in letting Claude Passeau pitch the ninth inning of the All-Star game. . . . McKechnie said: "I wish I had Riddle." . . . Asked why he didn't call on Carl Hubbell, Bill said: "I didn't want to use any old men."

### SHORT SHORT STORIES

Tom Stidham of Marquette will startle the mid-west this fall with a four-man defense line. . . . Joe DiMaggio says for his dough Bucky Walters was the best pitcher he looked at in the All-Star game. . . . Tommy Farr, due here soon, may be sent against Billy Conn at Washington. . . . If the Cubs ever get around to waiving on Johnny Rizzo, the Phils will ship him to Brooklyn for Blimp Phelps in a straight waiver exchange. . . . A golfer on the Kissena park course here became so disgusted with his game he presented his caddy with a \$100 set of clubs and stomped off, talking to himself.

### SOME FIGHT!

We were not there, but the Maurillo-Mamakas brawl at Ebbers Field must have been one of those good old knock-down, drag-out affairs. . . . The N. Y. Times reports: "Maurillo came into his own when he flashed an effective left hook which found its mark often on Mamakas' head."

## LEFTY GROVE TRIES FOR HIS 300TH MOUND VICTORY TODAY

Detroit, July 11—(AP)—Lanky Robert Moses (Lefty) Grove, dean of American League pitchers, hoped today to reach another milestone in his long and colorful career.

Against the Detroit Tigers, a team he has often found to his liking, the veteran Boston Red Sox southpaw sought his 300th major league victory.

If successful, Grove would have accomplished a feat in modern baseball attained only by Denton Tecumseh (Cy) Young, Christy Mathewson, Walter Johnson, Grover Cleveland Alexander and Eddie Plank.

### CATCHES HOME RUN BALL

New York — Joe DiMaggio's 19th home run of the season, extending his consecutive game hitting record to 46, went over the railing between the 402 and 415-foot markers at Yankee Stadium. The ball was caught by John Schulte, the New York's bullpen catcher.

### FAMILY POSITION

Miami Beach—Billy Miller, 18-year-old brother of Eddie Miller, Boston Brave shortstop, handles a similar post for the Miami Beach club at the Florida East Coast League.

Sweden possesses enormous resources of high grade peat but no method has been found to make this product competitive with coal.

## SCHOOL RIVALS MEET IN P. G. A. FEATURE TODAY

Denver, Colo., July 11—(AP)—A couple of ex-Texas caddies—rivals since Fort Worth schoolboy days—squared off today in the "main event" of quarter-final matches of the 1941 National Professional Golfers Association championship.

It was defending champion Byron Nelson against "Gopher of the Year" Benny Hogan over 36 holes and there was little to choose between the two.

Pre-tournament favorite as the result of blazing practice sessions, Hogan reached the quarter-finals with a 2 and 1 win over Horton Smith in yesterday's 36-hole third round. Nelson came through with a 4 and 3 victory over Ralph Guldahl, a two time former U. S. open titlist.

The three other quarter-final clashes today also were framed in unusual settings—gate attractions in any tournament.

Gene Sarazen and Denny Shute matched shots in the "battle of veterans", colorful Sam Snead, the mile-long wallpaper on a mile high course, against P. G. A. Freshman Lloyd Mangrum and Jimmy Hines renewing with Vic Ghezzi a feud postponed when Hines was forced to default because of a hand infection.

## Methodist Church

William L. Manny, Minister  
Summer worship at 10 A. M. The sermon theme will be "Is Christianity losing its Power to Save?" All our people, from the youngest to the oldest come at this hour. The smallest children are cared for in the nursery.

Sunday school classes follow the worship and every one is dismissed at 11:30 A. M. D. Cameron Findlay is the superintendent of the school.

Epworth League meeting for the young people at 6 P. M.

Union evening service at 7:30 P. M. on the Square. Miss Adena Joy will be the speaker.

The Methodist camp meeting at Lena, Ill. is now in progress with preaching services every evening. The Young People's Institute at Lena will begin with registration Monday afternoon.

Women's Institute at Lena, on Wednesday, July 16th through Friday, July 18th.

The Willing Workers' class will meet at the church at 4:30 P. M. Wednesday, July 16th to go to the Pines State park for the annual picnic.

Miss Adena Joy, director of summer recreation at Mount Morris will be the speaker at the Union out door service on Kable Square this Sunday evening. Miss Joy was recommended to the local council of churches three years ago by Reverend Charles Shike, secretary of the Illinois Church Council. She is a graduate of the Chicago Theological Seminary, and since her graduation had been active in various forms of Christian service. This is the third summer in which Miss Joy has directed the summer recreation in Mount Morris, and she has shown herself to be a resourceful leader of young people. This is also the third time that she has spoken at a Union service. She is one who holds fast her Christian idealism, in the face of present world conditions.

Last Sunday evening when a thunder shower made the outdoor service impossible, those who went over to the shelter of Trinity Lutheran church heard Rev. Albion P. Tavenner of the Centennial Methodist church of Rockford, speak on the topic, "The Light Still Shines." Mr. Tavenner found the inspiration for his faith in God in the experiences he had in a recent trip through Yellowstone Park and Glacier park and other scenic points in the northwest. The congregation caught something of the thrill of seeing the glory of God as revealed in the mountains, the glaciers, the rushing streams, and the wild life of our western states.

Miss Phyllis Zummdahl is chairman of the committee in charge of the services for this week.

Church of the Brethren  
Foster B. Statler, pastor  
The unified service of worship and instruction meets from 10 to 11:30 P. M. The pastor will use as his sermon subject, "The Great Presence."

The Union Sunday evening service on the campus will be held at 7:30.  
The mid-week prayer service will be held Thursday evening at 7:30.  
We need the church in the summer time just as much as during the remainder of the year. You will find inspiration in the house of God.

## SUBLETTE

(Telegraph Special Service)  
Sublette.—Mrs. Henry Gardner and daughters, Olive and Bessie of Newton, Kas., Mrs. Mary E. Bowker of Dixon and Mrs. Clem Miller of Amboy were visitors at the J. J. Barton home Tuesday. They also visited Evergreen cemetery where many of their relatives are buried.

Mrs. Gardner's husband was a nephew of Dr. Frank H. Gardner, one of Sublette's first physicians. As a bride Mrs. Gardner and her husband went to Kansas in 1882. Mrs. Gardner and Mrs. Bowker are daughters of the late Joseph Hodges who farmed two miles north of Sublette just across the Lee Center line.

Mrs. Gardner, nee Carrie Hodges, recalled that she attended the village school here and that one of her classmates was a boy by the name of Will Barton. The teacher was C. F. Nettleton. Mrs. Bowker, nee Melissa Hodges, attended the Ingalls school, one mile north of the village, and her teacher was Grace H. Barton. Mrs. Clem Miller is a niece of these two ladies, her mother's maiden name being Sarah Hodges. Of eleven children born to Mr. and Mrs. Joseph Hodges, but two are living, Mrs. Gardner and Mrs. Bowker. The latter is acting as housekeeper for her cousin, Major A. T. Tourtellot at Dixon. She reports the major, who is in his 84th year, is quite frail, a fact that his many friends in the locality regret to learn.

## GEMS OF THOUGHT LAW AND JUSTICE

Law is the embodiment of the moral sentiment of the people.

A law is valuable not because it is law but because there is right in it.

—Henry Ward Beecher.  
I believe in obeying the laws of the land. I practice and teach this obedience, since justice is the moral signification of law. Injustice denotes the absence of law.

—Mary Baker Eddy.  
What we seek is the reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind.

—Woodrow Wilson.  
Our human laws are but the copies, more or less imperfect of the eternal laws, so far as we can read them.

—James J. Anthony Froude.  
There is but one law for all, namely the law which governs all, the law of our Creator, the law of humanity, justice, equity—the law of nature and of nations.

—Edmund Burke.

## FIRST CHURCH OF CHRIST, THE FIRST

Thursday, 2:00 p. m.—Children's church. Friday, 7:30 p. m.—Bible study. Search the scriptures with us. John 5:39.

## FIRST METHODIST CHURCH

Second street at Peoria avenue. Floyd L. Blewfield, D. D., pastor. 9:30 a. m.—The church school, in charge of General Superintendent Leon Garrison and the department leaders. This is a family school of religion with a class for every age group.

10:30 a. m.—The church service in charge of the pastor. This is a one hour service of devotion and inspiration appropriate to the summer months.

Dr. Blewfield will preach on the subject: "Life, As a Christian Sees It". The guest soloist will be Willard Moore. He will sing, "O Lord Most Holy" by Frank.

In the absence of the regular organist, Crawford Thomas, Mrs.

Elwyna Hill will preside at the organ during this service. A cordial welcome awaits all who attend this service. Visitors and newcomers are especially welcome.

It is well to keep in mind these days that you cannot push people up to a higher level of living, you must lift them up, and to lift them up you must first climb up yourself.

## Caterpillar Dispute Is Marked 'Settled'

Peoria, Ill., July 11—(AP)—A labor dispute which occasioned a temporary work stoppage July 2 at the Caterpillar Tractor Company plant was marked as settled today by a conciliator of the U. S. department of labor.

The conciliator, the Rev. Francis J. Haas, announced last night that an agreement had been reached between the company management and the C. I. O. United Farm Equipment Workers Union. Terms of the pact were not announced.

The work stoppage, which involved an estimated 2,000 to 5,000 workers, arose from these grievances announced by the union: Dismissal of a veteran employee because he refused to obey a speed-up order; seniority status of an employee who had been out of work because of illness, and overtime wages to a number of employees for Saturday work.

At the time the union said the workers' action was not a union-ordered stoppage.

The Rev. Mr. Haas said he had received assurances that similar stoppages would not occur in the future.

Steel companies in the U. S. use about 1,500,000 pounds of cotton waste each year.
